### The Harbors - West Market Area Redevelopment/Infill Plan

#### **Harborlife** We are on Facebook!

We recently launched a Facebook page for the Harbors - West Market Redevelopment Plan - 'Harborlife'. Come join us on Facebook and share your ideas, comments and suggestions on how we can together improve the West Market Area. We are also developing a comprehensive communication strategy to increase outreach for the redevelopment efforts. To read more about this please visit our [Implementation Efforts](#) page.

Beginning in 2010, Pasco's planning team worked with a diverse group of participants including residents, business owners, County and city officials, and regional government representatives to create a realistic plan that is reflective of the community's interests and aspirations. This document is the result of an extensive community visioning process.
